Dear Reader:

I'm Dr. Bill Wheeler, Ph.D, the TriVita Leanology formulator. I'm also a former nutritionist for U.S. Olympic teams and staff nutritionist for a number of professional football teams. If you're like me and millions of other Americans, you've struggled with your weight on and off for months or even years.

You want to be thinner, look younger, feel better, and carry less weight. But so far, nothing out there has given you lasting weight loss.

Now, that's about to change ... because scientists have discovered a smart weight loss system that can help take the pounds off — and keep the weight off — for men and women who before had no success with losing weight permanently.

It's called **Leanology**®, an innovative smart system for getting and staying lean. And with your permission, I want to send you the **Leanology**® **Weight Loss System** to use at home 100% risk-free.

Science has proven that the key to weight loss is not exercise alone: Getting thinner requires unconditionally that you consume fewer calories.

THIS IS THE **PROVEN KEY** TO LOSING WEIGHT, BUT . . .

When you reduce your food intake by 3,500 calories you will lose approximately one pound. So if over the course of a week you eat less and consume 3,500 fewer calories, you'll lose about a pound in 7 days.

Simple? Yes. Easy. No. Almost impossible in fact. And the reason is that not eating when you're hungry is one of the most difficult things in the world. Which is why starvation diets virtually never work.

Leanology® helps solve that problem by giving you **delicious low-calorie protein shakes and snacks** that both taste great *and* keep you feeling full.

IMAGINE SHEDDING FAT . . . **WITHOUT** BEING HUNGRY!

I have always been heavy and struggling with weight, and yo-yo dieting has sent my weight up and down over the years.

But with **Leanology**®, *eating fewer calories is easy!* I don't feel starving, hungry, deprived, or miserable.

After a short time on **Leanology**®, I had lost almost 10 pounds. The shakes and chews are immensely satisfying. I love them! And I am still eating all of my favorite healthy foods for dinner every day.

SCIENTISTS DISCOVER PROTEINS THAT MAKE YOU LOSE WEIGHT.

The **Leanology**® **protein shake** weight management system is formulated based on both “slow” and “fast” proteins.

The fast proteins in **Leanology**®, digested quickly, build up lean muscle mass fast, while the slow proteins, digested more slowly, retard the loss of lean tissue muscle.

To shed pounds, you want to build your lean muscle mass. Why? Because lean muscle mass not only makes you stronger, but it also burns fat to aid in weight loss.

ENSURES YOUR BODY “EATS WELL”

Since the foods you replace with a **Leanology**® **shake** provide important nutrients, we've packed each serving of **Leanology**® shake with more than 20 essential digestive enzymes, prebiotic fiber, vitamins, and minerals to keep you healthy.

Each smooth **Leanology**® shake also gives you a full 3grams of prebiotic fiber. Research shows that chewing and ingesting fiber may cause you to feel satiated and curb your hunger.

“LEANOLOGY® IS LIKE A BOX OF CHOCOLATES ... THAT DOESN'T MAKE YOU FAT”

As much as I love the refreshing and filling **Leanology**® shakes, I also enjoy the **Leanology**® **Chews**†. This is the component of the **Leanology**® system you eat as a snack between meals and shakes.

Flavored with natural cocoa powder, tapioca syrup, and evaporated cane juice, the snacks have a delicious chocolate taste — and the chewy consistency of caramel. Each **Leanology**® chew is just 20 calories. By comparison a 1.5-ounce chocolate bar has 210 calories.

As an added boost to the **Leanology**® smart weight management system, each chew also gives you 200 mg of green coffee bean extract with 50% chlorogenic acid.

BUT WAIT. THERE'S MORE: **LEANOLOGY® HERBAL CLEANSING TEA.**

The next component of the **Leanology**® weight loss system is our premium **Herbal Cleansing Tea**®. This unique blend of herbs traditionally used to aid and support digestion. It features Senna leaves, milk thistle, dandelion root and other natural herbs. It's an excellent way to jump-start your weight management program.
