### DROWNING IN A SEA OF PAPER? TAKE THE UMC CHALLENGE!

WE'LL SHOW YOU HOW TO SOLVE YOUR MOST DIFFICULT  
DOCUMENT HANDLING CHALLENGES — FOR FREE!

When it comes to buying an imaging system, the features and technology are important, of course.

But what's far more critical is whether the system can smoothly and easily handle your specific document-retrieval requirements.

And that's where UMC Imaging can help.

With more than 22 years experience imaging over one billion documents, UMC is the premier provider of imaging and document-handling solutions in the tri-state area.

We combine local service and support with the ability to affordably and rapidly customize high-performance imaging systems...systems that make it a snap to store, organize, and retrieve documents the way *you* want to index and file them.

UMC Imaging's flexible, software-based imaging systems can handle any document type of indexing method, no matter how complex.

Laser scanning and optical disk storage enable you to store thousands of documents in a small fraction of the space it now takes — and retrieve any file in seconds.

What's more, our operator-friendly Windows and DOS interfaces make UMC systems easy to learn, even easier to use. So your training costs are minimized. And your people can be productive right from the start!

#### Take the UMC Challenge — FREE!

The true test of any imaging system, "Will it handle my application?" The UMC Challenge answers that question — definitively — before you invest a penny.

How does it work?

We come to your office and ask intelligent questions about your document management needs. Then we analyze your requirements, and show you a solution — using your documents — running on our system.

EXECUTIVE OFFICE  
536 Mineola Avenue  
Carle Place NY 11514  
FAX 516 334-3076

NEW YORK CITY

That way you can experience first-hand the ease, convenience, and speed of UMC's PC-based document storage and handling for yourself.

And you can see how our system would handle your application . . . before you buy it. That way there's no risk . . . and no uncertainty. You know you're getting a system that does precisely what you want it to do.

Best of all is the price. Normally we charge \$250 for a Document Imaging Needs Analysis. But it's yours at no cost when you accept the UMC Challenge within the next 10 days. You get the Document Imaging Needs Analysis absolutely FREE . . . and with no obligation of any kind.

Drowning in a sea of paperwork? Too many lost or misfiled documents? Current systems inefficient? Take the UMC Challenge today. Call toll-free 800-989-4862 or 516-334-2626. Or mail the card enclosed.
