

WARNING: Do Not Take More Than One of These Every 60 Hours!

Imagine — YOU Making Long, Passionate Love to Your Partner, as Often as She Begs for It, Over the Next 4 Days — Guaranteed or Your Money Back!

Dear Friend:

What I am about to tell you can give you back the wildest, most active, and most intensely pleasurable sex life you have ever experienced.

It can also endow you with greater energy and sex drive PLUS a bigger, stiffer erection that lasts and lasts — one that can send your partner into orgasmic spasms of ecstasy multiple times.

The only catch: you have to agree not to use it more than once every 60 hours.* But that won't matter, because the libido-enhancing and erection-stiffening effects I am about to describe will last a full 4 days — every time you use it.

By that, I don't mean you'll have a boner lasting 4 days. No one wants that.

But your body will be so charged with sexual potency that you'll be able to achieve a stiff, large, hard erection whenever you want to make love. Just *thinking* about your partner naked will give you an immediate tent in your pants — with a pole firm enough to satisfy her every time!

The male potency breakthrough that makes it all possible is *Adam's Secret* — a 100% natural sexual stimulant guaranteed to increase your size, duration, and stamina. Yes, some of the *ingredients* are available in health food stores and online. But NO other sexual stimulant delivers this unique formula of 20 scientifically blended herbs and vitamins to make love last longer....

A bigger, harder erection that will rock her world

Many men with erectile dysfunction cannot get hard at all, while others have “partial” erectile dysfunction which, for them and their partners, is just as bad.

Partial ED means the penis starts to become erect but does not achieve a full erection. Or, it achieves a semi-erection but the penis is too soft and limp.

An inadequate erection fails to reach a level of stiffness that allows for full penetration and completion of sexual intercourse. The woman is not brought to orgasm and neither partner is sexually satisfied. Some guys are surprised that many women need good sex as

*See my P.P.S. to find out why these are perfectly safe and also when you can IGNORE my warning — and take more than one.

(over, please)

much as men, and when they don't get it, they become dissatisfied with their partner.

This is where Adam's Secret comes in....

Adam's Secret is a proprietary blend of 20 herbs, vitamins, and amino acids. The specific combination of ingredients, in the precise dosages used in each capsule, turbocharges your libido and sex drive ... and, at the same time, increases blood flow to the penis.

The result? First, your sex drive, libido, and desire will shift into high gear. Instead of having anxiety over your sexual performance, you'll be randy and ready to go — full of passion and eager to make love.

Second, you'll have the wood in your pants — a rock-hard erection — to act on your turbocharged sex drive.

Remember how, when you were a teenager, looking at Playboy's centerfold would give you an instant hard-on?

With Adam's Secret, just thinking about your partner undressed will make your Johnson snap to attention, and stand straighter and stiffer than ever.

You'll have the steel-rod erection that you and your significant other both dream of — an erection that can enable satisfying sex time and time again.

Here's the secret....

Over the past few decades, millions of once-virile men have been afflicted with erectile dysfunction, rendering them unable to achieve an erection capable of penetrating their partner and completing intercourse. One estimate places the number of impotent men at 140 million worldwide — so you are not alone.

This ED epidemic has triggered dozens of clinical studies investigating how men who have trouble achieving a firm, long-lasting erection today can regain their potency and get back an active, pleasurable sex life.

Some male potency supplements have 3 or 4 of these “erection enablers.” Others have half a dozen or more.

But the secret behind Adam's Secret is that it contains, in clinically optimal dosages, 20 of the most effective erection enablers medical science has discovered — all in one slim, easy to swallow tablet that can recharge your sexual prowess for up to 4 days on a single pill!

Here are some of the key erection enablers in Adam's Secret that can turn any man from a dud into a stud in the bedroom — literally in minutes....

Secret Erection Enabler #1:

Nettle Root. Takes the “sting” out of male aging.

Testosterone, the male sex hormone, is the “juice” that makes you a man. Yet, starting around age 40, your testosterone level drops by about 1% a year. So to have a hot sex life, you have to restore your testosterone to more youthful levels. And stinging nettle root extract is just what you need to restart your love life!

How does nettle work? Well, more than half of your body’s testosterone is bound to a protein called sex hormone binding globulin (SHBG), rendering the testosterone essentially inert.

Lignans, compounds derived from the root of the stinging nettle, have the ability to bind with SHBG in place of the testosterone. The result is more testosterone freely available to your system.

What’s more, nettle root contains beta-sitosterol, which also helps elevate testosterone levels. And, nettles have also been shown to significantly decrease estrogen levels, another proven strategy for raising serum testosterone.

Secret Erection Enabler #2:

Zinc. The metal that can stiffen your rod.

For centuries, men have eaten oysters to enhance sex drive, and the reason is that oysters are rich in the metal zinc.

Millions of American men are deficient in zinc, and this deficiency can prevent your pituitary gland from releasing luteinizing hormone (LH), a molecule that stimulates testosterone production in the testes. Boosting zinc levels releases more LH, so your body can up its testosterone production.

In one study, zinc supplementation almost doubled serum testosterone levels in 9 elderly men who were marginally zinc deficient — and it happened in just 6 months. In another study, athletes took zinc, magnesium, and vitamin B6 for 8 weeks. Result: free testosterone increased 33.5% in only 2 months.

In addition, there’s an undesirable enzyme in your body called aromatase that converts a portion of your testosterone into estrogen, the female sex hormone.

By increasing your estrogen levels, aromatase can cause softer erections as well as the growth of man boobs. Zinc *deactivates* aromatase, turning it off — so your levels of unwanted estrogen don’t climb and your T levels stay high.

(over, please)

Secret Erection Enabler #3:

Vitamin B-6. Building up your testosterone supply.

Before it makes testosterone, your body produces androgen, a hormone that is a precursor for testosterone.

Vitamin B6 stimulates androgen receptors that signal your testes to start pumping testosterone into your blood stream. It also alleviates mood problems and loss of libido. In an animal study published in the Journal of Steroid Biochemistry, lab rats deprived of vitamin B6 for a month suffered a 74.5% drop in testosterone levels.

Secret Erection Enabler #4:

L-arginine. A Nobel Prize winner's amazing erection secret.

In 1998, a team of pharmacologists won the Nobel Prize for their discovery of how nitric oxide (NO) regulates blood flow in the body. One of the applications is that the release of NO causes dilation of the blood vessels to the erectile bodies.

The blood vessels open wider, so more blood can pass through them. This in turn increases blood flow to the penis. The penile blood vessels fill and engorge the spongy tissue of the penis, which helps men achieve great erections.

It was then discovered that an amino acid called L-arginine causes the human body to produce NO. As a result, we include L-arginine Adam's Secret to produce more NO so that blood flow to the penis increases — and erections become stiffer and bigger and last longer.

In a study performed by Dr. Adrian Zargniotti of the New York University School of Medicine, 15 men with ED took 1,400 mg daily of L-arginine for 2 weeks. Six of the men reported a marked improvement in their ability to perform sexually with harder and longer-lasting erections.

Secret Erection Enabler #5:

Ginkgo Leaf Extract. Another natural blood flow enhancer.

Ginkgo biloba increases blood circulation by dilating the airways of the lungs, peripheral blood vessels, arteries, and veins. Natural healers have used ginkgo biloba for hundreds of years to increase blood flow to vital organs and treat assorted ailments including sexual dysfunction, memory loss, and circulatory problems.

A University of California study showed that among men who had sexual dysfunction as a result of taking anti-depressants, 76% who took ginkgo biloba had increased desire, excitement result in erection, orgasm, and post-coital afterglow.

And in a German study, 50 men suffering from arterial erectile impotence were given 240 mg of ginkgo biloba daily. After 9 months, 78% regained the ability to have an erection.

Secret Erection Enabler #6:

Horny Goat Weed. A centuries-old Chinese remedy.

Also called barrenwort, this herb has been used for centuries in traditional Chinese medicine to treat impotence, premature ejaculation, and as an aphrodisiac.

Horny goat weed dilates arteries to enable blood to flow more freely to the penis and other organs. It also raises dopamine levels which in turn can lead to the release of testosterone.

In a study published in *Complementary & Alternative Medicine*, 78 men with ED were given either an herbal formula containing horny goat weed or a placebo. After 12 weeks, the participants were evaluated for erectile function. The participants taking the herbal formula with horny goat weed experienced a 56% improvement in sexual desire, orgasmic function, and intercourse satisfaction.

Secret Erection Enabler #7:

Epimedium Leaf. An ignition key for male sex organs.

Epimedium Leaf can jump-start your sex life in several ways. For one thing, it stimulates the sensory nerves, increasing your desire for sex—a perfect antidote to loss of sex drive. For another, it excites the testes and prostate.

In a study conducted at Shanghai People's Hospital, 21 impotent men were treated with an herbal formula containing epimedium. Thirteen of these patients returned to normal sexual function in just 3 days.

And in a study conducted at the Zhejiang Provincial Hospital in China, epimedium was used to treat 182 men with low sperm count. In 65% of these patients, sperm count increased.

And that's just a third of the erection enablers in each Adam's Secret capsule. For the complete list of herbs and vitamins in this male potency-boosting formula, see the flier enclosed.

100% natural and safe when used only once every 60 hours

Unlike Viagra, Cialis, and Levitra, which are molecules made in a laboratory, Adam's Secret is an all-natural blend of healthful herbs and vitamins.

But, the formula is so effective, that overuse could kick your testosterone and libido into overdrive, making you TOO horny and sex-obsessed!

(over, please)

That's why it's very important to follow the directions on the package which clearly state: **DO NOT USE MORE THAN ONE CAPSULE EVERY 60 HOURS.**

Adam's Secret works so well, there's absolutely no need to take it more often than once every 60 hours. Swallow the one capsule and your entire body will be set for peak performance in the bedroom.

And unlike Viagra, which gives you a single erection for a short period, Adam's Secret ramps up your sex drive, testosterone levels, and blood flow so that for a full **FOUR DAYS** after taking the capsule, you'll be able to achieve a long, hard erection practically on command — and certainly when you or your partner want to make love!

Plus, taking Viagra can put your health in jeopardy. The FDA has warned doctors to be cautious about prescribing Viagra for men with certain conditions including those who take medication for high blood pressure or have had a history of cardiac failure or heart attack.

Your erection: firmer, thicker, and longer lasting.

The erection-enabling power of Adam's Secret is nothing short of incredible. With Adam's Secret in your nightstand, you will be able to:

- ✓ Get a rock-hard erection whenever you or your partner want to have sex.
- ✓ Be confident that you can maintain a hard erection to bring your partner to orgasm.
- ✓ Have an erection that's longer and thicker for headboard-banging sex.
- ✓ Never worry about whether you'll be able to perform in the bedroom again.
- ✓ Be more confident in bed and enjoy sex like a teenager.
- ✓ Put the love and passion back into your relationship.
- ✓ Turn a dull, ho-hum, infrequent or nonexistent sex life into a passionate romance.
- ✓ Increase energy, stamina, libido, and enthusiasm.

Do you dread having your partner give off signals that she wants sex? The cliché excuse for a woman not wanting sex is to plead having a headache. But it's embarrassing for a guy to pretend fatigue or a migraine to avoid sex because you don't feel you'll be able to get it up hard enough to penetrate and bring her to orgasm.

Now with Adam's Secret, the proverbial "limp noodle" will be a thing of the past, replaced with the "monster rod." Women prefer it firmer and thicker, and with Adam's Secret, that's what they'll enjoy when making love with you.

Men praise Adam's Secret*

*Named withheld to ensure privacy.

“The first time I took a single capsule I got sexually excited — without pictures, foreplay, or anything! Then I turned to my partner, and there it was — the biggest hardest erection I had since I couldn't remember when!”

“The ingredients or the formula or whatever is obviously different from any herbal erection product I've ever tried. It works — every time!”

“From my younger days, I learned that the overwhelming majority of women want to be penetrated. Now that I'm much, much older, I use a single capsule to fulfill their fantasy”

“What do you say about a product that lets me have intercourse with my woman any time I want, when I wasn't able to for so long? A miracle!”

“Women want a stiff penis. When I started taking this new formula, I showed my wife a good hard penis again. Now she's turned on again, because she can depend on it getting hard and staying hard in her for as long as she wants. And we're closer than ever.”

Reignite your sex life with Adam's Secret — 100% risk-FREE

Best of all, you can use Adam's Secret 100% risk-free in the privacy of your own home.

That's right: When you and your partner are ready for sex, take Adam's Secret to stimulate your sex drive and stiffen your penis into a pleasure-giving pole.

I'm betting that once you discover the orgasmic sex Adam's Secret can provide you and your partner, for hours on end, you'll become a believer in this one-of-a-kind herbal male enhancement formula.

Adam's Secret works for 99% of our 40,000 customers. And 75% of men who try Adam's Secret become regular users!

But if you are one of the 1% who doesn't get the sexual stimulation and firm erection you seek ... or you are dissatisfied for any other reason (or for no reason at all) ... simply return the unused capsules or even the empty containers to us within 90 days.

We'll give you a full product refund promptly, without question or quibble. That way, you risk nothing.

(over, please)

To order Adam's Secret on a 100% risk-FREE trial basis, just complete the form enclosed and mail it in the envelope provided. It's already addressed. And the postage is paid. To order toll-free, call 888-511-8223 today.

Sincerely,

Adam

P.S. Another of Adam's Secrets is the **erection enabler Tribulus terrestris**, the fruit of which has been used to treat male impotence and stimulate libido. In a study conducted at the Andalus University School of Medicine, men who had low libido or were impotent were given Tribulus terrestris for 2 weeks. Half of the men with reduced libido reported increased sex drive and almost 60% of the impotent men experienced improved erections with longer duration.

With *Adam's Secret*, you'll feel like a new man — and enjoy great sex again — with the confidence that you can satisfy her as long as you both want. Just a single capsule is guaranteed to instantly fan your flames of desire, give you firm and spontaneous erections, and keep you ready for action up to 4 full days.

To experience the power of *Adam's Secret* to increase desire, improve performance, and boost sexual strength, energy, and stamina, complete the enclosed order form and mail with your payment in the envelope provided. If the envelope is missing, send the completed order form with a check to: Adam's Secret, 130 W. Pleasant Ave. #382, Maywood, NJ 07607.

P.P.S. If you have a special occasion and need an extra boost, feel free to take another pill. Even if it's been less than 60 hours from your last one. It is perfectly safe and will cause you no harm. But it will take your sexual energy and performance to a whole new level you've never experienced before!
