

**From the most efficient
the most economical dumped**

**structured tower packings to
packings, you get it all at Koch.**

You'll make the most cost-effective investment in tower packings and internals by selecting from the industry's only complete line. Koch offers you two exclusive Koch Sinter® Packing and Raschig® plus everything you need in grids, trays, column internals and dumped packings. Koch Engineering's pilot plant is also available to help you select the right solution. For exact performance characteristics and recommended applications, consult our technical bulletins, or call us today.
