## **URGENT: important insurance notification for owners of antique homes in: Fairfield County**

---

Our records show that a number of antique homes in your county may not be fully covered based on the age and value of the home.

Reason: ordinary homeowner's insurance covers only "ordinary" replacement, which means rebuilding the home with standard materials and features.

Standard homeowner's policies typically do not pay for restoration of stained glass windows, hand-carved moldings, beadboard, sconces, wainscoting, and many other hand-crafted features typically found in finer homes built before 1930.

**RECOMMENDATION:** Call the toll-free number for a FREE, no-obligation analysis of your current homeowner's insurance policy.

This free review can determine whether your homeowner's insurance fully covers rebuilding and reconstruction of your antique home at a competitive premium.
